# Course Description

1

- This course provides a hands-on rather than philosophical approach to properly apply the Bible through the study of many Scripture texts.
- It follows the Inductive Bible Study method to observe a text, interpret it by consistent use of hermeneutical principles, and then apply the passage to the student's own life and to others in a teaching or preaching ministry

# Course Objectives

By the end of this course the student will be able to...

1. Grasp foundations for life-changing biblical study.
2. Observe Scripture so that no key elements are missed.
3. Interpret Scripture to determine what God actually said.
4. Apply Scripture for life-change in your life and others.
