Please download and teach them, but never sell them. Note also that many file names end with a number to show the number of slides on that file. The site is updated daily, so if a presentation name has a higher number at the end than your last download, you can download the updated version.

Within each presentation, most slides also have a number in the upper right corner. This shows its page in the notes for that course

Course Description

This course addresses the nature, purpose, multiplication, leadership, discipline, ordinances, unity, and body life of the local church. Students see a variety of opinions on each of these subjects but should support their own conviction from Scripture.

Objectives

By the end of the course the student should be able to ...

- a. Articulate the biblical **nature** of the local church (define what the church is).*
- b. Articulate the biblical **purpose** of the local church (show what the church is supposed to do) so as to develop priorities for change in his own ministry.*

Objectives

By the end of the course the student should be able to ...

- c. Apply the distinction between **function and form** along with the roles of Scripture, history, and culture to bring relevance to local church issues.*

- d. Know how church **multiplication** (evangelism and growth) can be accomplished in his ministry.*

Objectives
