

Lesson Six: Second Declension Nouns (Module A)
Masculine Nouns and the Article
The Nominal System (Part 1)
Study Aid Level One: Read and Translate

Lesson Six introduced the five NTGreek cases for the nominal system. This instructional exercise demonstrates how to translate the various cases into English.

Cover the center and right-hand columns with a piece of paper. Read several times the Greek words in the left-hand column. Next, translate into English, give the case, and number what you have just read in Greek before uncovering the center and right-hand column. Check your translation by uncovering the corresponding center and right-hand columns. Note: Assume that there are not any vocative plurals in the following exercise.

1.	ὁ λόγος	the word	nominative singular
